Allen Biaggi, Director

DIVISION OF ENVIRONMENTAL PROTECTION

Leo M. Drozdoff, P.E., Administrator

Notice of Proposed Action

April 9, 2008

The Administrator, Division of Environmental Protection, Department of Conservation and Natural Resources, Carson City, Nevada is issuing the following notice of proposed action under the authority of the Nevada Revised Statutes and the Safe Drinking Water Act.

The Administrator has received an application to renew an Underground Injection Control (UIC) permit, which has been drafted for public comment. Permit #UNEV97206 has been applied for by the following applicant:

Redman Petroleum Corporation
2039 North Las Vegas Boulevard
Las Vegas, Nevada 89030

The applicant has submitted a renewal application for a UIC permit associated with the Former Redman Petroleum, 2039 North Las Vegas Boulevard, Las Vegas, Nevada 89030. The application is in response to the release of petroleum hydrocarbons from the above-mentioned facility. The applicant proposes to continue remediation efforts utilizing the injection of hydrogen peroxide solution into the groundwater. The injectate should facilitate the biodegradation of the petroleum hydrocarbon contamination. Monitoring at the facility will be required to ensure that groundwater is not degraded.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes and the Safe Drinking Water Act, and implementing regulations, the Administrator proposes to reissue permit #UNEV97206 as stated above.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or to request a hearing pursuant to Nevada Administrative Code, Water Pollution Control, should submit their comments or request in writing by May 19, 2008 either in person or by mail to:

Attn: Russ Land
Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Ste. 4001
Carson City, NV 89701
(rland@ndep.nv.gov)

This Document is for Electronic Distribution

All comments or objections received within thirty days of newspaper publication will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty days prior to the hearing date.

The application, draft permit, comments received, and other information are on file and may be copied at the office of the Division of Environmental Protection, or copies may be obtained by writing to the above address or by calling Russ Land of the Bureau of Water Pollution Control at (775) 687-9428.

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
